

A WORLD WITHOUT HONEYBEES?

HONEY BEE BEHAVIOR, GENETICS, & COLONY COLLAPSE DISORDER

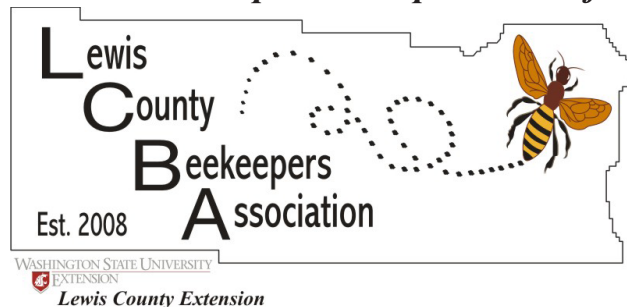

Jim Bach, Former Washington State Apiarist,
presents the problem and recent research into possible solutions.

Wednesday, October 14, 2009, Centralia College

1-1:50 p.m.: Centralia College Lyceum, Washington Hall
7-8:00 p.m.: Corbet Theatre, Washington Hall

Washington Hall is located on Washington St. between Pear & Centralia College Blvd., Centralia, WA 98531.

Both talks are open to the public and free.

For 7 p.m. talk: Donations to support educational and swarm removal programs by the Lewis County Beekeepers' Association gratefully accepted.

7pm talk co-sponsored by Centralia College Lyceum, WSU-Lewis County Extension, LCBA, & Rose of Sharon Farm

WSU Extension programs are available to all without discrimination. Evidence of noncompliance may be reported to your local WSU Extension office.
